BID SPECIFICATIONS AND ELIGIBILITY: Westchester County Department of Health (WCDH) is soliciting competitive and reasonable prices for the provision of transportation for preschool children with special needs who attend the Mt. Vernon Public Schools 4410 Special Needs Pre – K Program. It is anticipated that the contract resulting from this process will be for the period of November 1, 2008, through August 31, 2009 and will include up to four one year extension options. To be eligible to bid, the company must have three school years experience providing school related transportation within the past five years; one school year experience providing transportation to three or more children with disabilities within the past five years; the firm must demonstrate that it has or can obtain the required insurance coverage; the firm must demonstrate compliance with the Omnibus Transportation Employees Act of 1991; and the firm cannot currently be in Chapter 9 or Chapter 11 bankruptcy.
