WESTCHESTER COMMUNITY COLLEGE (34)

TRUSTS AND GRANTS

In addition to the regular budget appropriations there are a series of trusts which have been established in response to grants from the Federal and State governments and certain private sources. These trusts are operated under conditions of the grant but utilize normal County personnel, purchasing and contract policies and procedures. Little or no County funds are involved, and in some instances the County simply serves as a fiscal agent for the donor. No long-term commitment has been made by the County to any of the projects. The character of the projects ranges from special studies to demonstration projects and limited term programs to meet special needs. In some instances the current year program amount reflects an estimate; others include carry-over funds from prior years. The terms of the current program, funding breakdown and the number of positions and/or slots funded directly from the grant are specified below.
