(1) Westchester County cases are those who listed Westchester as the county of residence when diagnosed.

(2) As reported to NYSDOH HIV/AIDS Epidemiology Bureau through June 30, 2000.

(3) Cases and deaths are reported by the year the case was diagnosed. See Technical Notes for details.

(4) Data include adult cases and deaths, but exclude pediatric (under 13 years of age) cases as well as cases among inmates of N.Y.S. correctional facilities.

(5) Deaths are included if they occurred to Westchester County cases who have since died from any cause.
