SENIOR MAINTENANCE MECHANIC II (HEATING PLANT)

The Westchester County Department of Public Works and Transportation is seeking Heating Plant Operators with a Stationary Engineer or High Pressure Boiler license to work at the County's central heating plant located in Valhalla, New York. Vacancies currently exist for all three shifts at this high pressure plant that provides heating and cooling for 2.5 million square feet of combined-use facilities situated on a 500-acre campus. The plant services the Westchester County Medical Center, Maria Ferrari Children's Hospital, the Westchester County Correctional facility and the Department of Labs and Research. An incumbent serves in an expert capacity in high pressure heating plant operations and is involved in directing and participating in a wide variety of maintenance and repair work associated with the heating plant, ventilation systems and allied equipment.

Interested candidates should have possession of a Stationary Engineer or High Pressure Boiler System License or equivalent (in excess of 15 lbs. psi)

Come join our team!

Salary Range: \$56,590 - \$70,565 (CSEA)

Besides a competitive salary, our compensation package includes comprehensive benefits, including medical, dental, vision, deferred compensation, paid leave and retirement plan.

Please submit a cover letter and resume to jobs@westchestergov.com.

Important: Please indicate **SMM II (Heating Plant)** in the subject line of your e-mail.

Westchester County is an equal opportunity employer

About Westchester County...

Westchester County, located in the heart of the historic Hudson Valley, covers 500 square miles and has a population of just under a million. Originally home to Native Americans, who were members of the Lenape tribe, it is today a rich mix of many cultures and landscapes. The County is a blend of bustling cities, quaint villages and picturesque towns as well as open spaces and a network of beautiful parks. The County is also an intellectual capital, boasting a highly educated workforce, competitive colleges and universities, Fortune 500 companies, world changing non-profits, and cutting-edge research centers.
