

ELIGIBILITY EXAMINER (SPANISH SPEAKING)

DISTINGUISHING FEATURES OF THE CLASS: Under general supervision, an incumbent of this class follows established laws, rules, policies as set forth by the New York State Department of Social Services as well as all departmental protocols relating to the delivery of Temporary Assistance services in determining initial categorical classification and financial eligibility for the various programs and services the department provides. Responsibilities involve interviewing customers, opening new cases, working with customers on achieving self-sufficiency goals, and regularly monitoring and taking action upon any change in a case to re-evaluate categorical classification, income maintenance and continued financial eligibility. Incumbents use a variety of management database systems to keep detailed automated records on all actions taken on cases, and follow established protocols with regard to case documentation and maintenance. This level is distinguished from Eligibility Clerk in that only the Eligibility Examiner or higher level eligibility staff has the authority to make eligibility determinations and redeterminations, compute and authorize customer budgets, and open, close, or reopen cases. The duties require proficiency in both the Spanish and English language, to provide interpretive and informational services. Incumbents are expected to exercise independent judgment in planning and carrying out assignments within prescribed rules, policies and procedures. Supervision may be exercised over Eligibility Clerks and clerical support staff. Guidance and instruction to co-workers and subordinate staff is provided on an on-going basis. Does related work as required.
