### FOR IMMEDIATE RELEASE

#### SWIM ACROSS AMERICA LAUNCHES 17<sup>TH</sup> SEASON THREE NEW POOL SWIM EVENTS ADDED TO BENEFIT KEY LOCAL CHARITIES

Swim Across America, the Westchester based non-profit, enters its 17<sup>th</sup> season with six outstanding swim events listed below. Over the past sixteen years, these Long Island Pool and Sound swims have raised over **\$8,000,000** in the fight against cancer.

Proceeds from these events go to Cancer Support Team, right here in Mamaroneck, providing services to cancer patients and families. Additionally, two important research focused beneficiaries are Memorial Sloan-Kettering Cancer Center's Research Laboratories and Morgan Stanley Children's Hospital of New York-Presbyterian. Through the generosity, energy and commitment of our swimmers, sponsors and donors, these charities provide vital research and leading edge treatments and services to conquer cancer.

Join us now as a swimmer, sponsor or donor and make a difference in the lives of the cancer patients we serve. Visit our website listed below and learn how you can make your participation count. Organize a team, sponsor a swimmer, be a volunteer, take a Journal ad or make a donation in honor or memory of someone.
