

What defines a Private Campus?

Large swath off property with office or institutional use

Large provision of surface parking lots

Few large, similar structures and facilities

Varying levels and types of greenspace

Tools to protect, enhance and encourage a Private Campus:

Encourage on-site retail services such as restaurants, coffee shops and day care facilities

Improve on-site transit service

Encourage higher densities and mixed-use development, including housing via incentives

Foster a broad job base within campus
