

Andrew J. Spano, Westchester County Executive
County Board of Legislators

**Do you know a senior
with Alzheimer's who wanders?**

If so, help them sign up for

PROJECT LIFESAVER

Sponsored by Westchester County Government

This free program uses radio-frequency technology to find seniors who wander and safely return them home. It works through bracelets with special batteries the seniors wear on their wrists. Should someone become lost, specially trained and equipped county police officers can locate them by tracking a radio signal the bracelets transmit.

To be eligible a senior must:

- Live in Westchester County
- Be dependent upon the person they live with
- Have a tendency to wander

FOR MORE INFORMATION, visit www.westchestergov.com/seniors, call the ElderServe Safe Center for Seniors at (914) 368-5506 or send an email to mkeel@hebrewhome.org

Project Lifesaver is administered by the ElderServe Safe Center for Seniors, part of the Hebrew Home at Riverdale.
