Prepared by the Westchester County Department of Planning.

Note: All people not living in a housing unit are classified as living in a group quarter.

Institutionalized persons are those persons restricted to the institutionalized buildings and grounds or must have escorts to leave.

Nursing homes comprise a heterogeneous group of places providing continuous nursing and other service to patients. Included are skilled-nursing facilities, intermediate care facilities, long-term care rooms in wards or buildings on the grounds of hospitals, or long-term care wings in congregate housing facilities.
