Note: The Towns of Rye and Pelham are not included because their area is totally comprised of their incorporated villages. The data for the Towns in the table do not include the data for their incorporated villages. The Towns of Bedford, Eastchester, Greenburgh, Mamaroneck, Mount Pleasant, and Ossining have incorporated villages. Median household income was calculated for the towns as the Census Bureau does not tabulate data for the total combined non-village census designated places (cdp) and unincorporated area of towns. Families are defined by the Census Bureau as a household with 2 or more persons living together who are related by blood, marriage or adoption.
