Source: US Census Bureau, SF3 Data. Notes: 1) Hispanic may be of any race. 2) Income and poverty values are for 1999 because the census asks for the past year's income. 3) Cost-burdened is defined by the US HUD as those paying in excess of 30% of their income toward housing costs. 4) The US HUD defines overcrowding as more than 1 person per room and severe overcrowding as more than 1.5 persons per room. 5) Median house value is self-reporting. House value is not comparable to housing sales statistics from the Westchester County Board of Realtors. 6) Includes all forms of ownership including condominium.

Source: US Census Bureau, SF3 Data. Notes: 1) Hispanic may be of any race. 2) Income and poverty values are for 1999 because the census asks for the past year's income. 3) Cost-burdened is defined by the US HUD as those paying in excess of 30% of their income toward housing costs. 4) The US HUD defines overcrowding as more than 1 person per room and severe overcrowding as more than 1.5 persons per room. 5) Median house value is self-reporting. House value is not comparable to housing sales statistics from the Westchester County Board of Realtors. 6) Includes all forms of ownership including condominium.

Source: US Census Bureau, SF3 Data. Notes: 1) Hispanic may be of any race. 2) Income and poverty values are for 1999 because the census asks for the past year's income. 3) Cost-burdened is defined by the US HUD as those paying in excess of 30% of their income toward housing costs. 4) The US HUD defines overcrowding as more than 1 person per room and severe overcrowding as more than 1.5 persons per room. 5) Median house value is self-reporting. House value is not comparable to housing sales statistics from the Westchester County Board of Realtors. 6) Includes all forms of ownership including condominium.
