

# Are you about to have a baby and don't want anyone to know?

If you have  
nowhere to turn,  
**THERE'S HELP.**

## Don't abandon your newborn.

Today, there are safe places throughout Westchester where you can bring your baby. You may leave your uninjured infant five days old or younger with an appropriate caretaker at a suitable location such as a hospital, firehouse or police station.

To talk to someone or find out how to leave your baby in a safe place, call the Children of Hope HELPLINE at 1-877-796-HOPE (4673) or visit [www.amtchildrenofhope.com](http://www.amtchildrenofhope.com).
